Miss Mamie Hawkins, granddaughter of Dr. J. Russell Hawkins, who for the past year has been a pupil in the Home School of Louisville, one of the most popular Female Institutions of the State, (Miss Bille Peers being the principal) has returned to this vicinity where she will spend, with her relations and friends, the summer vacation. We with pleasure chronicle the fact, that Miss Mamie was one of five out of a hundred and twenty-five young ladies whose names are to be found on the roll of honor, and one who received the gold medal for having excelled all in penmanship. It may not be out of place here to state that Miss Addie (the sister of Miss Mamie Hawkins) a pupil of the City School of Frankfort, received at the hands of her teacher (the far famed instructress Miss Julia Todd) the highest honors conferred by the school on the class of young ladies of which she was a member. These young ladies no doubt will ever bear in mind the latin maxim "*Per aspera ad astra*."

Saved His Life.

Mr. D. I. Wilcoxson, of Horse Cave, Ky., says he was, for many years, badly afflicted with Phthisis, also Diabetes, the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles, was entirely cured and had gained in flesh eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by J. McCombe.

Bald Knob.

Prof. Tracy is in Louisville this week and he took in the State Teachers' Association.

Mr. Silas Box, of Connersville, Harrison county, made a short visit to this place the first of the week.

Mr. Jack Huette, of the Hutton neighborhood, has been employed to teach the Public School at this place.

The following are the candidates for magistrate in this precinct: W. B. Tracy, Ed. Lee, David Hall, Theodore Carr, Dennis Bailey.

Disinfectants are used to keep off Uncle Zeke's sort of itch. We learn that it attacks the Mugwumps or Zeke Youm's G. O. P. Instantaneously.

Mr. A. F. Violett has resigned his position as Post Master at Flag Fork and has transferred his position to Mr. John Hall, who is now the P. M. at that place.

Married—Thursday, July 1st, 1886, Mr. Tom Johnson, of Shelby county, and Miss Emma Yont, of this place, at the residence of the bride's father, F. Clarke officiating.

Miss Elzora Hamilton's school at Eden School house closed last Saturday with the highest honors. She returned to her home in Frankfort with the best wishes for her future welfare. Messrs. Moore, who will continue to grind for his customers on Friday of each week.

Pea Ridge.

Grass cutting and wheat stacking.

Farmers jubilant. All crops good. Profusion is the rule—grass, grain, and corn.

Rev. Roberts will preach here tomorrow at 11 o'clock. Sunday-school at 8 o'clock.

A mad dog made us a visit last Monday and was promptly chased, shot and killed.

The oft discussed turnpike question is again in the front claiming our attention. This time it is the route. As is usual several routes are each said to be the best. There need be no trouble. There is but one thing to do—select a good route and build the pike. Our Court of Claims have the matter under consideration. They will do the right thing. We entrust the affairs of our country to their management and can safely trust them to locate a pike. If we can't why elect them?

Our school trustees, and in fact our people generally, very much regret that the Blair educational bill failed to become law, for they fully expected that part of the fund created by the passage of the bill would have been available to increase the efficiency of our district school the coming session. Every one favors the object of the bill. Some few dislike the means. Would rather the State educate the children without U. S. assistance. If the object is good the means can't be very bad. Let us educate the children.

Ears Almost Eaten off.

About eight months ago I contracted blood poison. I was treated by a private physician on Thirty-first street, and then for a month at the New York Hospital. Finding I did not improve, I began taking Swift's Specific. Up to this time I had a drowsy and sleepy feeling continually, with no appetite, and was losing flesh rapidly. I was covered over the ankles, arms, neck and face with sores, and it seemed that my ears would be eaten off. I have taken seven bottles of the S. S. S., and the sores are all gone except a few on my forehead, and they are nearly out of sight; my ears are entirely well, my appetite is splendid, and I have gained five pounds in weight. I feel so perfectly well that I know in a short time I will be soundly cured.

FRANK E. KEEFE, 405 W. 71st St. New York, Feb. 13, 1886.

Fat and Roxy.

My little boy has suffered for six years with scrofulous sores. Many who saw him a year or so ago thought he never could recover. He commenced taking Swift's Specific, and has taken about twelve bottles, which has effected a perfect cure. I have waited some time to see whether the disease would come back, but am now satisfied that the cure is permanent, for all the sores are gone, and he is fat and roxy, and as playful as any child of his age. With a grateful heart known only to a mother I write these lines.

To Capt. Abrahams, Officers and Crew of the Steamer Grace Morris and Excursion Barge.

We desire publicly to return our thanks to you for your kind and untiring attention, and your carefulness on the occasion of the delightful excursion of our two Sunday-schools, which we had yesterday twenty-five miles up the Ky. river and return. We cordially recommend you and your boat to all contemplating a similar trip. We had four hundred children, parents and children and no accident to mar the pleasure of the trip.

Very Respectfully,

W. C. T. U. Notes.

The Woman's Christian Temperance Union will meet in the Chapel of the Christian Church Wednesday p. m. at five o'clock.

Band of Hope, Sunday p. m. four o'clock, at Masonic Hall. This is a work in which every one should take a lively interest, the children are taught the effects of alcohol and other narcotic poisons on the system, so that being forewarned they may know the deadly for that lurks in the wine cup, and never touch, taste, or handle anything that will intoxicate. A few lessons on the subject would not go amiss with some of the children of a larger growth, surely they would not swallow such a quantity of poison every day if they knew it to be poison, ignorance is no excuse. Drunkenness is a crime in the sight of God and man, and it is the duty of every one to do everything possible to prevent crime.

•An Efficient Remedy

In all cases of Bronchial and Pulmonary Affections is Ayer's Cherry Pectoral. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

Ayer's Cherry Pectoral

Has preserved the lives of great numbers of persons, by arresting the development of Laryngitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Colds and Influenza, which are so generally incidental to childhood and youth. Promptitude in dealing with all diseases of this class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste precious time in experimenting with medicines of doubtful efficacy, while the malady is constantly gaining a deeper hold, but take at once the speediest and most certain to cure.

Ayer's Cherry Pectoral,

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

FRANKFORT ROUNDABOUT.

FRANKFORT, JULY 10, 1888.

Rev. P. S. Fall will preach at Grassy Spring on next Lord's Day, July 11th, at 11 o'clock.

The break in the pump at the water works was repaired Monday and the water again turned into the pipes that afternoon.

Mr. Darsie will preach at the Christian Church to-morrow morning and night as usual. Night service begins at 8 o'clock.

Judge W. H. Holt has rented the residence of Judge G. W. Craddock, on Shelby street, and will take possession about the first of September.

Miss Fannie Herndon entertained a few young friends at Leont Grove Farm, near this city, on Friday evening, in honor of her guests, Misses Nina McGoldwin and Lena Bennett, of Louisville, the occasion also being Miss Fannie's birthday.

The newboys of the city had a picnic in Alley's woods, on the Glens Creek pike, on Monday, which was quite a success. The affair was managed by Master Tommie G. Newman, and there were about thirty little fellows in attendance. The day was spent in all kinds of amusement and they enjoyed themselves so much that they did not return to the city until 7 o'clock in the evening.

The corner-stone of the new Public School Building will be laid with Masonic ceremonies on Saturday evening next, July 17th. The Committee of Arrangements are at work making preparations to have a grand affair of it. The Lodges of Masons, Odd Fellows, Knights of Honor and Frankfort Commandery, Knights Templar, and Canton Berry, I. O. O. F., have been invited to turn out, and the City Council, Fire Department and Police are expected to take part in the procession. Bernard G. Witt, Esq., of Henderson, Grand Master of Masons, has been invited to be present and perform the ceremony, but in case he cannot come, Wm. Ryan, Esq., of Louisville, has been invited to act as his proxy.

The Mikado Trompe went from this city to Versailles Tuesday evening and played before a large and enthusiastic audience, standing room in the hall being at a premium. Mr. Frank Hatchison's Ko-Ko completely captivated the audience, and he was encoored five or six times during the evening. The balance of the company did their parts better than at any previous performance, and the citizens of Versailles were so well pleased that they were anxious for them to repeat the performance last night.

The Versailles correspondent of the Midway Clipper says of the entertainment:

The Mikado in Odd-Fellows' Hall Tuesday night by the Frankfort Opera Company was attended by the largest audience which has greeted an entertainment here in years. Nor was any one disappointed, for the opera was first-class in every particular. Koko was especially fine in his character, and was greeted with vociferous applause. His address to Katsusha was something grand. An effort will be made to have it repeated here shortly.

What a glorious opportunity the turfmen will have for getting up a combination horse race—a trotting race and a running race on the mile track at the old Fair Grounds as a part of the centennial on the 5th of October! Have Longfellow and Ten Broeck, two of the most noted living horses, present as visitors for the crowd to look at and admire. Such races and a regular sale of thoroughbred horses could be arranged without interfering with the general proceedings of the regular centennial. Go to work, friends of the turf, and arrange these races and sales as a part of the centennial—they will work together like a charm.

The small boys might also have a boat race—a rowing match—from the lock to the Hermitage Distillery. Boys, organize your rowing clubs at once and delight the people with a boat race at the centennial. A move-along along the line is the way to make the centennial the biggest thing ever witnessed in Kentucky.

John L. Scott will address the Teachers' Association at Peak's Mill to-day.

Rev. G. F. Parody will preach at Buck Run Church, this county, on to-morrow, July 11, at 11 o'clock, a. m.

Notwithstanding the complaints of the farmers during the wet weather last month, the wheat crop is a very fair one in this section.

The bill appropriating \$15,000 to complete the Government Building in this city has passed the Senate and been signed by the President, and it is to be hoped that work will soon be resumed upon it and pushed to an early completion.

Thursday morning of last week Charley Berry, white, ——— Page and another little colored boy, none of them over 8 years of age, were playing on the river bank at the foot of Moro street, when Page and the other colored boy fell in the river and were about being drowned, when Charley Berry ran into the water nearly up to his neck and pulled them out. When the little fellow realized how near they were losing their lives and he had saved them, he was frightened nearly out of his wits and burst into a flood of tears.

Last Monday evening as Mr. Joe Tracy, of Pen Ridge, was returning home from it is city he saw a drunken man with his horse across the plank sidewalk on Second street completely blocking it. Mr. Tracy helped the man, who was about to fall, carefully off and laid him on the side of the road out of danger of passing vehicles and then tied the horse close by and left him. Just then a rock flew over Mr. Tracy's head, who on turning round saw the drunken man in the act of throwing another. Joe says if either rock had struck him in the head he would never have been able to assist any man again drunk or sober and that as far as that man is concerned he believes in prohibition strictly enforced.

The following named Odd Fellows were installed as officers of Capital Lodge No. 6, Monday night, July 5th, for the ensuing term of six months:

Lee A. Owens, N. G.
Adam K. Stephens, V. G.

E. A. Fellmer, Treas.
Wm. McNamns, O. G.

After which they adjourned to the north hall of the Temple and partook of refreshments furnished by the newly installed officers. After having partaken suitably all present wended their way home hoping that Capital Lodge No. 6 might continue to do the same great good in the present term that she has in the past ninety-nine.

Honorable W. C. Herndon, City Attorney, has served notice on the School Board, that in consequence of the tall trees and rich foliage in the school yard field glasses are inadequate for examining school buildings from a bridge stand point. The School Board have come to the conclusion, after discussing the subject fully, that it would be trespassing upon private hospitality to accept Mr. A. W. Overton's kind offer by using his piazza for watching the progress of the new school building, and as the majority of the City Council have failed to provide means to get to the platform which Mr. Buckley so generously offered to build among the branches of one of the shady elms, the friends of the School Board—a majority of the City Council included—have determined to get up a monster petition to the Honorable Secretary of the Treasury, requesting him to order Capt. Grubbs, the superintendent of the new government building, located on the north bank of the Kentucky river, to prepare at once the cupola, with cushioned seats, and the necessary instruments, such as field glasses, car trumps, &c., for the use and comfort of the School Board so that they can see the work on and have the new building even nitter order the superintendent, Mr. Jeffers, to instruct Mike Buckley what street all to put the dirt at as he excavates it from the cellar.

The Franklin County Teachers' Association will meet at Peak's Mill today. The Sunday-school of that place will also give a picnic. Both will be held at Pleasant Hill Church.

Dr. Wm. Pryor, of Georgetown, but lately of this community, was down visiting friends last week. We are glad to know the doctor appreciates our items. We will try and make them as interesting as possible.

We are glad to know that the Paris Kentuckian exchanges with us, and we would be thankful if friend Craddock or some member of his staff would occasionally send one to the Forks Reporter, Box 19, as he is an ex-Bourbon and would be glad to hear from their occasionally. Our regards to the boys.

Euterpe has touched a vibrating chord in the Peak's Mill vicinity. Mr. C. G. Hockersmith has purchased of Mr. Shoemaker, agent for D. H. Baldwin, of Louisville, a handsome upright piano.

We are pleased to state to the reader of the Reporter that he can probably find out more about the incorporation of Peak's Mill from an itinerant preacher from—, who comes in the neighborhood occasionally, and collects all the news afloat, and is not backward in setting it afloat.

The fete for the benefit of Cedar Grove school-house, was a grand success. A number of pleasant and the Great many in attendance notwithstanding the inclemency of the weather. It was all that was expected except the scarcity of (goose) berries. There was but one on the market and as that was of the Davis variety there was no demand for it. Too sour to sell.

EROM ANOTHER CORRESPONDENT.

Farmers are rapidly laying by their crops.

The low, sweet hum of the threshing machine may now be heard in the distance.

Mrs. Henry Church visited her daughter, Mrs. John Ford, of Minersville, last week.

Mr. Geo. Clark, late of Greenville, Tenn., is visiting his relatives, Mr. Henry Church's family.

Mrs. Calvin Hockersmith and Miss Mary Haynes visited White Sulphur last week to attend the closing exercises of the Roman Catholic school where Miss Ollie Hockersmith has been receiving instruction. She contemplates returning to the same institution in the fall.

There is a full crop of Sunday-schools around here, there being three, of which two are about 500 yards from each other, and both are in session the same hour. The third one is only about a mile and a half from the two former, its session is in the afternoon. All are well attended.

Mr. F. W. Davis, who has been visiting R. T. Penn's family for several weeks, has left for a tour through southern and eastern Kentucky. After spending a month or two he will return to begin his school. Wonder how he can stand to remain away so long when there is so much new attraction.

We would advise the young man who went fishing with some young ladies last week to procure a boat of some sort instead of using his fine Manilla when he wishes to make pleasure for his ladies. He could furnish the boat with life preservers better than he could the hat. We don't know what the result was, but we know that, through the kindness of the ladies, a Mother's Union vest was made (and not out of leaves, either) for the young man, which he wore home with the girls. He was fortunate enough, however, to be on good terms with one of the girls' relatives, from whom he borrowed a hat for the rest of his journey home. This same party may be Zeke McCormick's last dude.

Your correspondent is not a theologian nor a Bible critic, neither would he put himself up to take exceptions to anything contained in the good

book, but there is one passage of scripture, which, to his mind, does not seem to hold good in every day life, viz: "That which ye sow, ye shall reap." We know a case where one sowed with the sweet hope of reaping, but ere the harvest was ready behold another came in and reaped the case seems very much like going back to the old Jewish custom of laboring 14 years for the object the heart adores. We are persuaded, however, that the present case is different from that of Jacob laboring for Rachel, inasmuch as both sower and reaper, having served their time like faithful servants, went away with empty hands and sad and heavy hearts.

"Tis sad to love, but oh! how bitter To love a girl and then can't get it."

There was an informal gathering at the residence of Mr. Josiah Penn last week. We failed to learn whether it was a musicale or soiree, or whether the object was to devise ways and means for the fete that was given at Cedar Grove school house on last Saturday evening. We presume from the quantity of frites and blanc mange that was served, that the gathering was for the latter. The fete was quite successful, the committee having done itself quite an honor by the way the whole affair was conducted. Following are the names of those who were on the committee of arrangements:

Sentinel Geo. Quarles, Chairman; Mrs. S. M. Forsee, Assistant Chairman; Misses Katie Hockersmith, Jennie Hodges, Nannie Forsee, Claudia Sullivan, Mrs. Geo. Forsee, Mrs. Henry Church, Mrs. Len Church, Mrs. Josiah Penn, Messrs. Geo. Sullivan, Mat. Sullivan, and Mr. Len. Hodges, who acted in the capacity of Chief Overseer, Secretary and Treasurer. The gross proceeds were \$22.80; expenses, \$8.15; the amount to pay the debt on the new school edifice, \$7.63, leaving the net little sum of \$7.02 to be appropriated to the Sunday-school fund.

Besides the rich tidings in the way of edibles, to which all were treated (who had the money to pay for it), we were treated with very melodious music by the "Winter & Stone" Orchestra. We are in hopes that the same committee will get up another supper in the near future, as all the gastronomes went away satisfied.
